

# PERFORMANCE PERSONNEL

## Performance Personnel Named One of the Top 5 Fastest Growing Companies in Tampa Bay

Also Named Fastest Growing Staffing Company

Performance Personnel Partners, LLC, has been officially honored as Tampa’s fourth fastest growing company by the Tampa Bay Business Journal’s for their prestigious Fast 50 awards. 2023 honorees outperformed other privately held, locally owned businesses in Hernando, Hillsborough, Manatee, Pasco, Pinellas, Polk, and Sarasota counties by achieving the most growth over a three-year growth.

2023’s award ceremony was held on July 27th, 2023, at the Armature Works event room in front of a sold-out crowd of more than 500 of Tampa’s business leaders and community influencers. All 50 companies from the Fast 50 were invited to the event for an unveiling of the rankings, starting with 50 and concluding with this year’s winner with the # 1 ranking. As a top 5 recipient, Performance Personnel received their award with the last group.

Ryan Thorpe, CEO of Performance Personnel and in attendance, stated, “It is an honor to be in this room with some of Tampa’s top executives. Congratulations to each of the Fast 50, I admire all of the hard work and smart decisions that got you here.”

Performance Personnel is a leading provider of comprehensive staffing solutions, and is established as an integral contributor in Tampa’s business landscape. The company has demonstrated success across multiple industries with their mission to create healthier, more productive workplaces by deploying modern techniques and departing from the staffing industry’s conventional methods. Combining this unique approach with a high performing team has resulted in award winning growth.

Thorpe added, “I want to express my deepest gratitude to the many folks that contribute to Performance Personnel’s achievements. Thank you to our client partners, and to our advisors and our vendors. To my wonderful team that has been relentless about making a difference – whether you improved one person’s day during their job search or you have made progress on your goal of bettering an entire staffing industry – Congratulations to you for this award.”

This is Performance Personnel’s second consecutive year to be a growth award recipient. Looking ahead, with a clear focus on their innovative approach that results in notably improved results, the company is well-positioned to sustain its impressive growth.
